AMPHIBIAN CROSSING BRIGADE

Wilton Community Center volunteers have been moving amphibians every Spring since 2020

WOULD YOU LIKE TO SAVE A LIFE?

**COME LEARN TO IDENTIFY THE FROGS, TOADS AND
SALAMANDERS HERE IN WILTON AND LEARN ABOUT THE ONGOING
EFFORTS THROUGHOUT THE MONADNOOCK REGION TO HELP
THEM DURING THEIR MIGRATIONS ACROSS OUR ROADS.**

On rainy nights in Spring, multitudes of our local amphibians are on the move to lay their eggs. When they cross our roads, many lose their lives. Volunteers can't save them all, but we do count, identify the species, share the data with The Harris Center and move the ones we can to safety. Would you like to learn about this program and possibly help?

FRIDAY, MARCH 13, 2026 7PM

Wilton Collaborative Space

21 Gregg St (Second Congregational Parish Hall)

If you can't attend in Wilton, The Harris Center will offer a ZOOM orientation on Thursday, March 12 from 7-8:30. Register here.
